WORK EXPERIENCE Websites Link Available Via Request if needed

First Robotics Scout
2018
Made a scouting form to be used for collecting data about the other teams. As well as having to ask the other teams questions face to face.

Spring Dinner Site
2019
Created a site for Dauphin Country Technical School's Spring Dinner. Used CSS and JavaScript to display auction items.

First Place Winner Skills-USA Web Development
2019
Placed first in the district's Skills-USA web development contest. Was done with a partner. States was canceled due to covid.

All-In Insulation
2020
Completed full redesign of All-In Insulation's website. Consulted with the owner of the site in multiple meetings. To gather feedback on the site. After many attempts to contact the owner about the hand-off of the site, no response was given by the owner. The site is now used as a showcase of my skills.

PORTFOLIO SITE

<https://mydcts.org/student/2021/donar/>

Site is undergoing an extensive redesign to enhance mobile usage and overall look and feel of site for a more professional look.
